I. INTRODUCTION

- A. On April 10, 2014, the United States of America, through the United States Attorney's Office for the Eastern District of New York and the United States Department of Justice Civil Rights Division, filed the complaint in this action against the Town of Oyster Bay (the Town) and Long Island Housing Partnership, Inc. (LIHP) alleging violations of the Fair Housing Act, 42 U.S.C. § 3601, et seq. (the FHA). LIHP is a not-for-profit organization which seeks to "provide increased housing opportunities, throughout Long Island, for those unable to afford decent and safe homes . . . through development, homebuyer education and technical assistance programs and through leadership and public advocacy."
- B. The complaint alleges that LIHP participated in the implementation and administration of the "Next Generation" housing program created by the Town of Oyster Bay in Nassau County, New York. That program offers zoning incentives

to developers to build affordable housing in the Town for “first time homebuyers.” Two Next Generation Housing developments have been built in the Town to date, the Seasons at Plainview and the Seasons at Massapequa. Pursuant to its role as administrator of the Next Generation program, LIHP notified applicants for housing in the two developments that they qualified for first priority for homes if the applicants resided in the Town or were children of Town residents.

- C. The complaint alleges that during the relevant time period, the Town’s African-American population was considerably smaller than in the surrounding areas. It also alleges that African-American representation among the pool of eligible Next Generation homebuyers was substantially lower in the Town than in surrounding areas. Indeed, of the winners of the lottery for Next Generation housing at the Seasons at Plainview, 88% were white and none were African-American. At the Seasons at Massapequa, at least 28 of 30 of the Next Generation homes were awarded to white families through the lottery; none of the units were awarded to African-Americans.
- D. The United States alleges in its complaint that the residency preference is discriminatory because it denies African-Americans the opportunity to purchase homes developed under the programs and because it imposes different terms, conditions, or privileges upon African-Americans seeking to purchase homes through those programs.
- E. The parties to this Settlement Agreement, LIHP and the United States, seek to resolve the claims against LIHP in this case without the expense, delays, risks and

uncertainties of litigation. By entering into this Settlement Agreement, LIHP does not admit to the truth of any claims made against it by the United States. Further, nothing in this Settlement Agreement shall be construed as an acknowledgment or admission by the United States that LIHP has acted, or continues to act, in full compliance with the United States Constitution or federal law.

F. By this Settlement Agreement, LIHP will, in conjunction with its core mission of promoting and developing affordable housing on Long Island, commit its reasonable resources, both time and money, to advance the cause of fair housing on Long Island by, among other things, engaging in fair housing education and outreach, as described below. LIHP represents that it is no longer implementing the residency preference for the Town's Next Generation program and that it has already initiated efforts to engage in fair housing outreach and advocacy activities, and will continue to do so consistent with the terms of this agreement.

**II. GENERAL INJUNCTION**

LIHP, its agents, successors, and assigns, and all other persons in active concert or participation with it, are hereby enjoined from:

- A. Making unavailable or denying a dwelling unit to any person because of race; and
- B. Discriminating against any person in the terms, conditions or privileges of renting a dwelling unit, or in the provision of services or facilities in connection therewith, because of race.

**III. RESIDENCY PREFERENCES OR REQUIREMENTS**

A. Throughout the term of this Settlement Agreement, LIHP will notify every local or state governmental entity or private entity by whom it is asked or to whom it applies to administer a residency preference/requirement of the need to do an analysis of whether such preference discriminates against any category of persons protected under any fair housing statute. Before it administers any residency preferences, LIHP will demand that the local or state governmental entity or private entity (i) conduct an analysis as to whether the policy violates any fair housing law and (ii) obtain a legal opinion confirming that no fair housing law is violated by the preference. If a client of LIHP engages or proposes to engage in a practice which LIHP believes constitutes a fair housing violation, LIHP will advise the client to alter the practice so that it comports with fair housing laws or else LIHP will withdraw from its engagement on the project. In the event LIHP withdraws from its engagement under such circumstances, it shall advise the U.S. Attorney's Office of the practice which may constitute a violation. The source of the information shall be maintained by that office in confidence to the extent that the law allows.

**IV. FAIR HOUSING EDUCATION AND OUTREACH**

A. LIHP will undertake to educate consumers, developers, lenders, realtors, public officials, community groups and the general public regarding the requirements of fair housing laws.

- C. Within 90 days of the execution of this Settlement Agreement, LIHP shall ensure that all its employees have received at least 12 hours of training regarding fair housing laws, with an emphasis on race discrimination, by a trainer approved in advance by the United States. LIHP shall ensure that each trainee executes a certification confirming: i) his or her attendance at the training; and ii) the date of the training. All trainees shall complete the certifications at the conclusion of each training session. Copies of the executed certifications shall be provided to the United States in accordance with Section V.A. below.

Using this template or materials, LIHP will produce mailers for use by other organizations which employ monthly mailing/billing statements and/or newsletters, including banks, utilities, stores, and religious and other organizations. LIHP will develop a list of potential users and contact them with sample materials. The list will be provided to the United States for its review and recommendations for additional entities for LIHP to contact.
